Government of Himachal Pradesh
Department of Animal Husbandry

No. AHY-B(12)-2/2021

Dated Shimla-2,

26th June, 2023

NOTIFICATION

The Governor, Himachal Pradesh is pleased to notify the H.P. State Government Policy/Guidelines for Veterinary Pharmacist Training course through Private Training Institutes, which is as under:-

1. Animal Husbandry Department: Overview

Animal Husbandry Department has a network of 3493 Veterinary Institutions in the State which are providing Animal Health and Veterinary Aid Services to the livestock owners and farmers of the State. These include one State Veterinary Hospital, 10 Polyclinics, 3 Zonal Veterinary Hospitals, 61 Sub-Divisional Veterinary Hospitals, 392 Veterinary Hospitals, 30 Central Veterinary Dispensaries, 1762 Veterinary Dispensaries, 6 Veterinary Check Posts and 1228 Veterinary Dispensaries under Mukhya Mantri Arogya Pashudhan Yojna (MMAPY).

As per 20th cattle census there are 18,28,017 cattle, 6,46,565 Buffaloe, and 18,99,798 Sheep/Goats in the State of Himachal Pradesh. All cattle/buffaloe/sheep goats including stray animals are being given veterinary services through the Departmental Personnel i.e. Veterinary Officers and Veterinary Pharmacists.

2. Veterinary Pharmacist Training:

Till the year 2006, Veterinary Pharmacist training was imparted to the unemployed youth of the State by the Animal Husbandry Department itself in its Departmental Farms. In the year 2008, Milch Livestock Improvement Society, Solan was authorized to impart Veterinary Pharmacist training to the unemployed youth of the State. Milch Livestock Improvement Society, Solan imparted Veterinary Pharmacist training to the unemployed youth of the State till the year 2014-15.

3. Present Scenario:

At present total 33 Nos. Private Training Institutes are running Veterinary Pharmacist Training Course in their institutes, having capacity of 2415 seats per academic session. HP Private Education Regulatory Commission has also sanctioned 100 seats to Bahra University Wagnaghat, Distt. Solan, HP. More Private Institutes are approaching the Government to give permission to run Veterinary Pharmacist Training Course in their institutes.

[Signature]

[Handwritten notes: 26/6, 27/6/2023, and other illegible text]

4. Need for a Policy:

At present there are approximately 5,000 unemployed trained Veterinary Pharmacists in the State and more than 2,000 trained Veterinary Pharmacists will pass out in the year 2023. Cadre strength of Veterinary Pharmacist in Animal Husbandry Department is 2355. Employment opportunities for such large number of Para-veterinarians in the State are bleak. There is a limited scope of jobs for Veterinary Pharmacists in private sector within and outside the State and the Government sector is saturated with Veterinary Pharmacists.

5. Recommendations of H.P. State Para Veterinary Council:

HP State Para Veterinary Council has submitted following report:-

- a) There is mushrooming of Private Institutions in the State offering Diploma Course in Veterinary Pharmacists which is not matching with the requirements in terms of employability.
- b) The entry level educational qualification in these Institutions is 10+2 in any stream. However, in order to improve the quality of Veterinary Pharmacists being trained, the entry level qualification of 10+2 in science stream (Biology) must be made compulsory. The admissions should strictly be based on merit score with minimum 55 percent qualifying marks in 10+2, Medical (Physics, Chemistry and Biology) as main subjects.
- c) The compliance of Rules and Regulations pertaining to the running of the Pharmacist Training Institutes should be strictly enforced. The Institutes should be quarterly inspected by the Registrar of H.P. Para Veterinary Council, who is an officer of Joint Director level in the Animal Husbandry Department or an officer nominated by it in association with the Director, Animal Husbandry, who is not below the rank of Deputy Director (AH/B).
- d) The current and future job prospects for such trained Veterinary Pharmacists are bleak. There is almost negligible scope of jobs for Veterinary Pharmacists in private sector. The Government sector is apparently saturated with Veterinary Pharmacists.
- e) There is already a huge abnormal ratio of Veterinary graduates and Veterinary Pharmacists, in the State Animal Husbandry Department of Himachal Pradesh which is unlike anywhere in the country. According to Veterinary Council of India the Veterinary Pharmacists should preferably provide services under the supervision of a qualified veterinarian only. Hence the opening new Veterinary Pharmacist Training Institutes should be discouraged in future and capping on seats of presently running Institutes should be mandated.
- f) All matters pertaining to admission and educations of Veterinary Pharmacists should be regulated only by the Para Veterinary Council of the State as instances of granting seats to some

Institutes/Universities by HP Private Educational Institutions Regulatory Commission have come to notice of the Council.

Keeping in view the large number of unemployed trained Veterinary Pharmacists, limited number of opportunities of employment in Govt./private sector as well as recommendations of HP State Para Veterinary Council, the State Government of Himachal Pradesh has decided that-

- (i) No new Private Institution will be allowed to run Veterinary Pharmacist Training Course.
- (ii) Seats of Veterinary Pharmacist Training Course in the already running Private Institutions will be restricted to 40 Seats + 05 (12%) seats for in-service Departmental candidate(s) from the academic session of 2023-25.
- (iii) Private Veterinary Pharmacist Training Institutes will not change the fee structure compared to academic session 2022-24. Private Institute(s) shall display the fee structure on the notice board at all times and on the prospectus.
- (iv) Entry level qualification of 10+2 Medical (Physics, Chemistry & Biology) will be made compulsory and admission will be based on merit with minimum 55% qualifying marks in 10+2 in the Medical Examination. The Recruitment and Promotion Rules of post will also be suitably amended as far as qualification is concerned. It is, however, made clear that the candidates who have Veterinary Pharmacist Training Course OR are undergoing Veterinary Pharmacist Training before the notification of this Policy shall also be eligible to apply for the post of Veterinary Pharmacist or its equivalent as notified by the Animal Husbandry Department.
- (iv) Private Training Institutes shall be inspected on quarterly basis by the H.P. State Veterinary Council or an officer nominated by it in association with the Director, Animal Husbandry, who will not be below the rank of Deputy Director (AH/B). In case of short comings allotted (40) seats may be reduced or permission may be withdrawn by the HP State Para Veterinary Council as the case may be after giving due opportunity of being heard to the Inspected Institute.
- (v) Candidates undergoing Veterinary Pharmacist Training shall undergo minimum six months of mandatory practical training as provided in the approved syllabus for the purpose. The training will be undertaken in a Government Animal Husbandry Departmental Hospital/Farm. A nominal fee, to be decided by H.P. State Para Veterinary Council, will

-4-

be charged from trainees, which will be deposited in Pashu Rogi Kalyan Samitis, constituted at the District level.

By Order

(Rakesh Kanwar)
Secretary (A.H.) to the
Government of Himachal Pradesh.
